Faculty Position in the Department of Industrial and Systems Engineering at the University of Wisconsin-Madison

The Department of Industrial and Systems Engineering at the University of Wisconsin-Madison invites applicants for a tenure-track or tenured faculty position beginning August 2015 or later.

We are specifically interested in faculty candidates in health systems engineering. Areas of interest include but are not limited to:

- design and measurement of health systems for high quality, patient-centered, and cost-effective care delivery
- modeling, analysis and improvement of the management of transitions in the patient experience
- design of healthcare work systems and information technology.

Application must be received by December 10, 2014 (search_com@ie.engr.wisc.edu)
