Assistant, Associate, or Full Professor Positions Available

The Department of Mechanical Engineering at Iowa State University (www.me.iastate.edu) invites applications for multiple tenure-track or tenured faculty positions at the Assistant, Associate, or Full Professor ranks. Exceptional candidates with specializations relevant to traditional and emerging areas of mechanical engineering will be considered. The department’s core expertise is in the areas of Design and Optimization, Dynamic Systems and Controls, Manufacturing and Mechanics and Thermofluids. Particular attention will be given to candidates with research interests in Biological and Nanoscale Sciences, Clean Energy Technologies, Complex Fluid Systems, Design and Manufacturing Innovation and Simulation and Visualization.

The Department of Mechanical Engineering is nationally recognized for its interdisciplinary research and educational programs. Collaborative research is highly emphasized by the department and facilitated by on-campus research enterprises such as the Bioeconomy Institute, the Ames National Laboratory of the U.S. Department of Energy, Agricultural Research Service of the U.S. Department of Agriculture (USDA-ARS), the Center for Non-Destructive Evaluation, and the Virtual Reality Applications Center.

Iowa State University is a comprehensive, land-grant, Carnegie Doctoral/Research Extensive University with an enrollment of over 34,000 students. The College of Engineering consists of 8 departments with annual research expenditures exceeding $80 million. Iowa State University is located in the city of Ames, Iowa, which is consistently ranked within the top ten most livable small cities in the nation. Iowa State University is an Equal Opportunity/Affirmative Action Employer that has received NSF ADVANCE funding to broaden the participation of women and underrepresented minorities and enhance the success of all faculty in STEM fields. ISU is also responsive to the needs of dual career couples and is dedicated to work-life balance through an array of flexible policies.

All interested, qualified persons are encouraged to apply early at http://www.iastatejobs.com:80/postings/13395 by completing the Employment Application for posting #500126. Applications will be reviewed on a continuing basis beginning Oct. 1, 2015. For full consideration, applications must be received by Oct. 31, 2015.
