AEROSPACE ENGINEERING & MECHANICS
SPACE/ASTRONAUTICS FACULTY POSITION

The Department of Aerospace Engineering & Mechanics (AEM) at The University of Alabama invites applications for a tenure-track faculty position in areas related to space and astronautics. It is anticipated that the successful candidate will join the faculty at the rank of tenure-track Assistant Professor, although exceptional candidates may be considered for higher rank depending upon experience and qualifications.

With 16 tenured and tenure-track faculty members, the AEM department enrolls 300+ undergraduate students in the ABET-accredited BSAE program and 50+ graduate students in the MS and PhD programs. The AEM Department is currently experiencing an era of unprecedented growth and expansion. The AEM department benefits from the University’s rapid expansion in terms of facilities, including the recent construction of the $300 million Shelby Engineering and Science Quad. This four building complex provides over 900,000 square feet of state-of-the-art research and instructional space, the majority of which is devoted to the College of Engineering.

The University of Alabama is located on a beautiful 1,168 acre residential campus in Tuscaloosa, a dynamic and resilient community of over 150,000. The Tuscaloosa community provides rich cultural, educational, and athletic activities for a broad range of lifestyles. With technology-oriented government & industrial research centers (including the U.S. Army’s Redstone Arsenal and the NASA Marshall Space Flight Center) in north Alabama and a growing aviation industrial sector (including Airbus aircraft manufacturing & engineering centers) in south Alabama, The University of Alabama is centrally located in Alabama’s north-south aerospace corridor.

Applicants must have an earned doctorate degree in aerospace engineering or a closely related field. Applicants are to submit: a letter of application, a detailed CV, and contact information for at least three professional references. The successful applicant will be expected to develop a strong externally-funded research program, demonstrate a commitment to excellence in teaching & mentoring of students, and provide service to the profession, university, college of engineering and AEM department. All application materials must be submitted via The University of Alabama’s employment website (https://facultyjobs.ua.edu). Review of applications will begin immediately and will continue until the position is filled. Inquiries should be addressed to Dr. Paul Hubner, Department of Aerospace Engineering & Mechanics, Box 870280, The University of Alabama, Tuscaloosa, AL 35487-0280 or sent by e-mail to phubner@eng.ua.edu.

Qualified women and minorities are encouraged to apply. The University of Alabama is an equal opportunity, affirmative action, Title IX, Section 504, ADA employer. Salary will be competitive and commensurate with experience level.
