Multiple Tenure-track Faculty Positions

The Department of Aerospace Engineering at Auburn University invites applications for multiple tenure track positions at the assistant or associate professor rank with a Fall Semester 2016 starting date. Exceptional candidates may be considered for the prestigious Walt and Virginia Woltosz Professorship. Applicants with expertise in any area related to aerospace engineering are invited to apply. Applicants must have an earned doctorate in aerospace engineering, mechanical engineering, or a closely related field. They will be expected to fully contribute to the department’s mission in teaching, research, and service.

Auburn is located 90 miles southwest of Atlanta and 50 miles northeast of Montgomery, the State Capitol. The picturesque main campus covers 1,875 acres, and has been recently named the nation’s seventh most beautiful campus. The Auburn-Opelika community has a population of approximately 100,000, an excellent public school system, and has been nationally ranked as one of the best places to live.

Applicants are encouraged to apply by submitting their cover letter, current CV, research vision, teaching philosophy, and three references to the job posting at:
http://aufacultypositions.peopleadmin.com/postings/1247

Cover letters may be addressed to: Dr. Joseph Majdalani, Faculty Search Committee Chair, 211 Davis Hall, Auburn, AL 36849. The applicant review process will begin December 14, 2015 and continue until successful candidates are identified. Candidates may continue to apply until the search has ended. The candidates selected for these positions must be able to meet eligibility requirements to work in the U.S. at the time of appointment. Additional information may be found at: http://www.eng.auburn.edu/aero/

We are an EEO/Vet/Disability employer.
